

On average, over the last decade, there have been **55,466 assaults** against law enforcement, resulting in **15,175 injuries**.

—National Law Enforcement Memorial Fund

Are you prepared?

Once you are in the middle of a critical incident and need to provide medical assistance, it is too late to equip yourself with the necessary lifesaving materials—every second counts.

TCCC* Trauma Bag Recommendations:

- Tourniquet(s)—CAT or SOFTT-W
- Pressure bandage (such as an Olaes® bandage)
- Chest seal
- Trauma sheers
- QuickClot® combat gauze
- Celox gauze
- Surgical tape
- Surgical gloves

* **Tactical Combat Casualty Care (TCCC)** is created by the U.S. Department of Defense Committee on TCCC (Co-TCCC) to teach evidence-based, lifesaving techniques and strategies for providing the best trauma care on the battlefield. These best practices have been transitioned to save lives in the law enforcement arena.

This project was supported by Grant No. 2016-VI-BX-K003 awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the U.S. Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART). Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice.
